Great News! Both Gender Radicalism and Education Overhaul Defeated

Finally! After three months of deliberation, the Ohio State Board of Education finally passed a resolution that rejects the pro-homosexual, pro-gender confusion changes to Title IX federal law. These radical changes were proposed by the Biden administration.

And more good news. The proposed bill that would completely overhaul Ohio's education system and place it under the authority of Governor DeWine was defeated in the lame duck session of the Ohio House. It will come back in the new year, and perhaps some changes are needed, but this needs much more careful deliberation.

So the education overhaul would have greatly reduced the duties of the Ohio State Board of Education, and sweep education under the governor's oversight. One piece of bad news is that a bill to ban boys in girls' sports was combined at the last minute with this overhaul bill, and both were defeated. Our hope is that the Save Women's Sports Act comes back in the New Year.

Finding Positive, Wholesome Books for Children and Families

by Linda Harvey--Because there is so much harmful material that publishers and libraries offer children these days, I thought I would pass along the information I've gathered about how to evaluate books for your children and then, some positive, appropriate books for children. I've also included a few titles for parents as they navigate the challenges of raising their offspring in today's America.
