Ohio Lawmakers, Please Protect Children from Gender Experiments

Please contact legislators in the Ohio House Families, Aging, and Human Services Committee. They're sitting on a bill to protect children, and we need them to act. It's the SAFE Act, House Bill 454, which would ban experimental medicine attempting to change any child's gender, including school actions promoting this to children. "Mind Polluters" film debuts this month

"Sexual predators and comprehensive sex education both break down inhibitions. That's what they start with. They also gain trust with the child and then slowly, start to get them toward sexual activity..."
"It's only the exceptional child that even survives that system."

"The film documents the origins and damaging effects of graphic Comprehensive Sex Education (CSE) and brain-rewiring Social Emotional Learning (SEL) being pushed through the education system on children as young as pre-school age..."

Please Support Mission America Today!

Mission America thrives on your prayers, your appreciation of our resources, and the contributions so graciously made to this ministry. Won't you consider a donation today to aid our ongoing efforts as a voice of truth in our "cancel" culture?

The image above is from an outrageous video where children repeat learned progressive corruption, e.g., "What does bisexual mean?" No child comes up with this on his/her own. Heartless adults plant these ideas. Children don't thrive under such sexual propaganda.

We continue to expose anti-child media like this. Visit our website at www.missionamerica.com to make a secure online donation. Just follow the link on our home page or you may send a donation to:
