Happy Independence Day!

What does the Fourth of July mean to you?

To most of us, it's a relaxing weekend with family, enjoying cookouts, parades, fireworks and listening to our favorite patriotic songs. But let's never forget why we can enjoy these blessings of peace and freedom. It's because others fought and died to preserve America's sovereignty and liberty.

To those of us who are Christians, America has a special meaning as the country where the Gospel has flourished and been shared with the rest of the world at a pace unmatched in human history. The question is, are we turning our backs on the Lord? Will we let that heritage of faith end?

What we enjoy in America is not ours without a cost, sometimes the cost of brave lives given on a battlefield, and of course, the sacrifice of Jesus who allows all of us who believe to be free from the bondage of sin. Let's give thanks to God today for the many blessings we enjoy and for those warriors who sacrificed to keep us safe and free.

Mission America Featured at Press Conference after the End of Roe

Mission America and other pro-life organizations held a press conference the day the Supreme Court overturned Roe vs. Wade. What a glorious day! It is our hope that this signals a new heart in America for the life of innocent preborn children. Let's never forget that peace begins with a full recognition of human life. And let's hope that this is the beginning of a new era of peace in America. Click link below to see some of the media coverage of the press conference.

You Can Be Part of Resisting Child Corruption

Years from now, when the destructive leftist agenda is widely exposed for all the damage it's done, won't it be great to recall that YOU were a part of the civil resistance against this tyranny? That YOU were one of those willing to tell the truth?

There are many ways to join the godly resistance, but we would like to suggest this one: financial support of our modest but highly effective media ministry!

Mission America is not giving in to cultural madness, because God's truth has not changed, so our faith should not, either. That's why our reach is expanding. We live in very challenging times, but darkness provides more opportunities for light to shine even brighter.
