## Why Schools Are a Mess: NEA Union Screams Its Anti-Child, Anti-American Agenda

At its recent annual meeting, the NEA passed extreme pro-abortion and pro-"LGBTQ" policies. The reality is, this union wants children to be sexualized-- those that are allowed to live. Just listen to the excerpt from this outrageous speech given by its president (and hear the audience applause!). "As we have for decades, we will fight tirelessly for the right to choose. We will never stop. We will fight unceasingly for the rights of our LGBTQ+ students and educators."

"We will say gay, we will say trans, we will use the words that validate our students and their families, words that encourage them to walk in their authenticity, to love themselves fully, to become who they are meant to be..." Except for one problem--homosexuality and gender deviance are never "authentic" for any child, nor who he/she is meant to be.

Corrupting children has become the main NEA goal. The destructive unions need to be removed from our schools.

## Restoring Academics to "Woke" Schools Through Academic Accountability Project

The Academic Accountability Project (AAP) will show the connection between school district performance and the need to stop increasing the amount of indoctrination being done to children. There is no justification for school levy passage and increased pay for teachers who are under-performing. The Protect Ohio Children Coalition will use data and graphs to paint that picture and update our website/heatmap with data parents and taxpayers can use to stop indoctrination in schools. **Volunteers are needed!** See link below for details.

## You Can Be Part of Resisting Child Corruption

Years from now, when the destructive leftist agenda is widely exposed for all the damage it's done, won't it be great to recall that YOU were a part of the civil resistance against this tyranny? That YOU were one of those willing to tell the truth?

There are many ways to join the godly resistance, but we would like to suggest this one: financial support of our modest but highly effective media ministry!

Mission America is not giving in to cultural madness, because God's truth has not changed, so our faith should not, either. That's why our reach is expanding. We live in very challenging times, but darkness provides more opportunities for light to shine even brighter.
