Nationwide Children's Hospital Removes Obscene 'Trans' Link from Website

We have bad news /good news to report. Nationwide Children's Hospital had carried a link in the gender program section of its website that led within a few clicks to pornographic material. This link was brought to Nationwide's attention during opponent testimony on House Bill 454, the Save Adolescents from Experimentation Act. Go [HERE](#) to view screen-saved link, courtesy of CCV. Warning: graphic content)

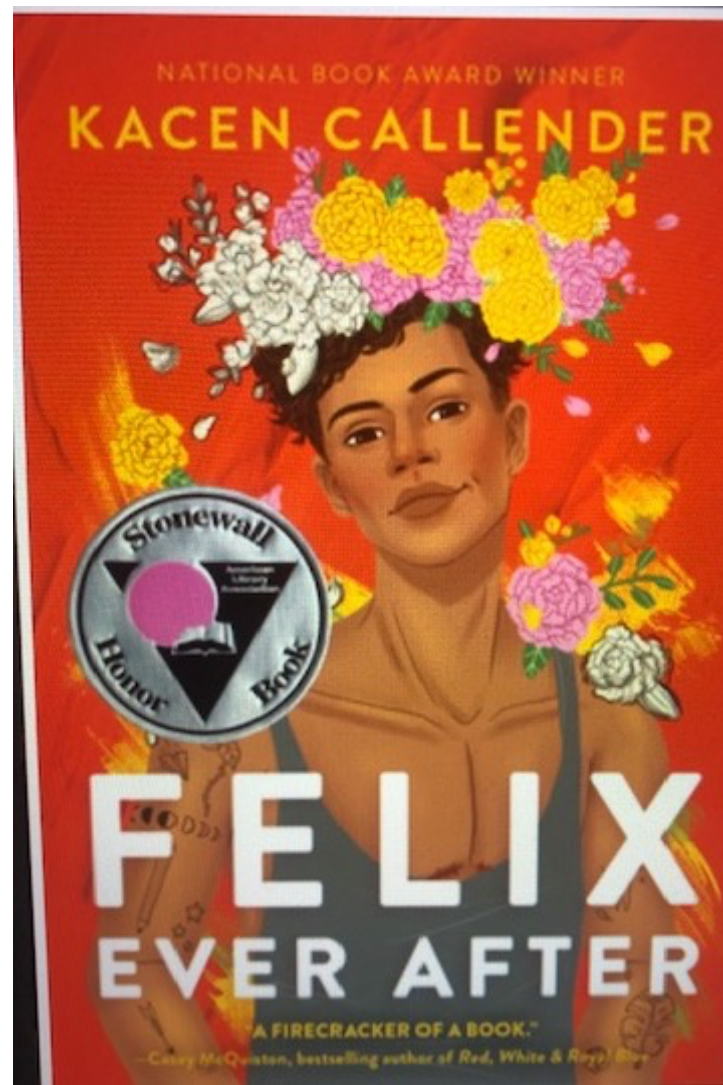

During that testimony, Dr. David Axelson of Nationwide Children's was caught by surprise when Representative Gary Click (R- Vickery) asked why such a site was on the hospital's website as a "resource."

The good news is that Nationwide Children's has removed that link. The hospital's "gender clinic" for children is under fire for the harm such treatments cause to children.

Why is America Allowing Child Corruption?

Children deserve a time of innocence in childhood and an education free from exploitation and sexualization. Unfortunately that's becoming more and more difficult to find-- unless we stand up and say NO.

This is our goal at Mission America: to promote sound Christian values in America and protect our children.

Mission America thrives on your prayers, your appreciation of our resources, and the contributions so graciously made to this ministry. We continue to expose anti-child policies and actions.
