Let's Show Appreciation to Created Equal for Hard Work With Few Dollars

We are deeply saddened by the passage of Issue 1 and join all of you in lifting up prayers for the Lord's guidance going forward.

Despite the loss, Ohio owes a debt of enormous gratitude for the hard work of many pro-life warriors and we want to especially point out the tireless efforts of Created Equal (www.createdequal.org). At the left is a link to their final, very poignant ad.

Here's a portion of their latest newsletter:
"This year, Created Equal undertook a massive effort. New to campaigning, we managed to directly reach over 750,000 voters at doorsteps and by phone. In doing so, we had meaningful conversations with tens of thousands of voters and exposed the truth about the radical abortion industry. We drained our bank account by airing three highly effective [TV ads](#) that exposed abortion to millions of Ohioans...."

"We don't grieve because we lost a political campaign. We mourn because babies will now die in increased numbers in Ohio. We know the battle to defend them just got even harder.

"But we continue to fight for them anyway...."

Friends, I urge you to make a donation to Created Equal to show our appreciation. We know their work was not in vain. Click the link below.

Ohio's Abstinence Educators Need Your Financial Support today!

Another group very much in need of funding is the **Ohio Adolescent Health Centers**. This is the Ohio network of abstinence sex educators, and if you recall, abstinence funding was largely left out of the state budget in June, to everyone's surprise. Republicans control the statehouse, so how did that happen? Meanwhile, their teachers who visit classrooms throughout the state wait on compensation and many will be lost because there's no money to pay them.

With the passage of Issue 1, Planned Parenthood and the depraved "LGBTQ" movement will claim they now have the "right" to get in front of students, the earlier the better. Our kids deserve better. Click on the link below to donate to OAHC today!

Let's Encourage Wholesome Books for Children

This is the season where we hear lots about "banned books." But it's a very misleading message-- as if parents must accept any old trash book publishers persuade librarians to stock. Do we trust the schools and libraries these days? Not so much...

So let's encourage and stand up for positive, wholesome books and other media presented to our children. See the articles on our home page.

Please continue to catch our Mission America radio commentaries on Tuesdays and Thursdays on [WRFD, The Word Columbus](#), and read Linda Harvey's articles at www.missionamerica.com and elsewhere. Join us in pledging to keep standing for the teachings and values of our Lord and against the sad destruction that threatens to consume America. The truth of Jesus will prevail against all enemies-- never doubt that.
